

ECW Plug-ins

Applications Support

Earth Resource Mapping provides a comprehensive range of ECW plug-ins to support third party products. Most applications provide native ECW support.

Enhanced Compressed Wavelet:

Enhanced Compressed Wavelet (ECW) is a fundamental breakthrough in image compression, which enables users to view and manage extremely high-resolution raster images inside desktop applications.

Working with ECW images has become increasingly popular as ECW images are significantly smaller and the image quality is not sacrificed. Users have the advantage of working with only one seamless image instead of countless images giving greater ease of use and the task of data management/storage.

Earth Resource Mapping provides the complete imagery solution:

ECW:

Access large compressed ECW images inside popular applications

ER Mapper:

Geocode, mosaic, colorbalance and compress unlimited size ECW images

Image Web Server:

Serve large ECW images beside your GIS web server

This document was prepared by Earth Resource Mapping Ltd as a service to the GIS and imaging community using ECW. Not all 3rd party products that support ECW are mentioned above. All plug-ins are provided on an 'as-is', without warranty of any kind, either express or implied, including, but not limited to, the implied warranties of merchantability and fitness for a particular purpose. All brands, company names and product names are trademarks or registered trademarks of their respective holder.

Other FREE ECW Applications

ECW 500MB Compressor

- Free ECW compressor for images up to 500MB in size
- For larger images, and to create color balanced mosaics, use ER Mapper which includes unlimited ECW compression

ER Viewer

- Free stand alone viewer for ECW, TIFF, ERS and other images. Also adds OLE support to Windows® applications for ECW images

ECW Compression/Decompression SDKs

Earth Resource Mapping offers **FREE** Software Development Kits that enable users to decompress/display ECW images of any size and compress images up to 500MB in size into the ECW format, for the following platforms. Please contact us if you want license the SDK to compress larger images.

- Windows ECW Compression/Decompression SDK
- MacOS ECW Compression/Decompression SDK
- Windows CE ECW Decompression SDK
- Solaris ECW Decompression SDK
