## ***Summary of Data Rights***

The Licensee accepts TerraColor copyright of the Data and agrees to place copyright notice "copyright TerraColor" on the Data when distributed. Use of the Data by anyone other than the Licensee shall constitute infringement of these rights. Upon payment for the use of Data, the Licensee is granted a limited, perpetual, non-exclusive license to use this copy of the Data. This License certifies the Licensee to:

### **Multi-workstation (1 to 10 Seats)**

- Make the internal copies of the Data in support of the Licensee's use of the Data on a number of workstations but not to network or distribute the Data. Use in internal Intranet websites or external Internet websites is not permitted under this license.
- Use the Data solely for internal purposes of the Licensee, Contractors or consultants working for the Licensee may have access to the Data for purposes related to the Licensee's internal use of the Data.
- Make unlimited hardcopy prints of the data for internal use.
- Make unlimited digital subsets for internal use on un-licensed workstations or for non-commercial publication and presentation.

### **Agency-wide**

- Make internal copies of the Data in support of the Licensee's use of the Data on workstations and internal networks. Use in internal Intranet websites is permitted, but use in external Internet websites is not permitted under this license.
- Use the Data solely for internal purposes of the Licensee. Contractors or consultants working for the Licensee may have access to the Data for purposes related to the Licensee's internal use of the Data
- Make unlimited hardcopy prints of the data for internal use.
- Make unlimited digital subsets for internal use or non-commercial publication and presentation.

### **Integrator/unlimited**

- Make unlimited copies of the Data in support of the Licensee's use of the Data on workstations and internal networks; The Integrator/unlimited license will be determined by payment of required Integrator/unlimited license fees.

- Use of the data in external Internet websites is permitted under this license as long as the imagery files cannot be directly downloaded by Internet users.
- When used in the supplied format or reformatted into Integrator's image format, make unlimited copies for external distribution to clients of Integrator's systems. Integrator must prevent the imagery files from being directly extracted from by their clients for use in other systems.
- Make unlimited hardcopy prints of the data for commercial or non-commercial use as long as the words "copyright TerraColor" are clearly shown on the print to indicate copyright of the imagery data.
- Make unlimited digital subsets for internal use or non-commercial publication and presentation.
